

The High Plains NWA/AMS Chapter Minutes

16 August 2021

The NWA/AMS High Plains Chapter held a virtual meeting over the phone on Monday, August 16, 2021. 4 chapter members were able to attend. The meeting began around 300pm and consisted of the following...Announcing the two speakers for the upcoming High Plains Conference, Wakimoto and Houston. Reminding the group that abstracts are due September 7th. Next topic that was discussed was the platform that the meeting would be run on, which will be GoToWebinar. Mentioned that region said the local WFO's GoToWebinar accounts would be able to accommodate the conference, so no new GoToWebinar would need to be purchased by the High Plains Chapter. Hastings will host the meeting on their GoTo account. Discussed that fliers for the High Plains Conference are being worked on and should be released soon. Asked about any update on website/login problems, Aaron contacted after the meeting and said that there is still an issue getting logged into the website, however the website host is looking into. Aaron also mentioned he will talk to his ITO this week and see if he might have any more insight. No other new business or action items were proposed for this meeting. The next meeting is expected to be sometime in September.
